

The 5th China Russia Symposium on Infectious Diseases

November 10, 2022

COVID-19

Beijing Time Moscow Time	Session and Activity
14:00-14:20 09:00-09:20	Opening Remarks China: Prof. Shen Hongbing, Director General, China CDC Russia: Dr. Alexandra Usacheva, Department of International Cooperation and Public Relations, MoH, Russia
	Session 1: COVID-19 Moderator from Russia: Dr. Daria Danilenko, Smorodintsev Research Institute of Influenza Moderator from China: Ms. Wang Xiaoqi, Director, International Cooperation Office, China CDC
14:20-14:35 09:20-09:35	1. Russia: Combining methods of mathematical modeling and artificial intelligence to forecast COVID-19 dynamics Dr. Vassiliy Leonenko, ITMO University, Smorodintsev Research Institute of Influenza
14:35-14:50 09:35-09:50	2. China: Construction of national LabSuv-Net for COVID-19 in China Prof. Wang Wenling, National Institute of Viral Disease Control and Prevention, China CDC
14:50-15:05 09:50-10:05	3. Russia: VGARus database as a platform for generalization and analysis of virus genome sequencing data for the epidemiological surveillance of infectious diseases Dr. Kamil Khafizov, Central Scientific Research Institute of Epidemiology, Federal Service for Surveillance on Consumer Rights Protection and Human Wellbeing
15:05-15:20 10:05-10:20	4. China: Potent neutralizing antibodies with protective efficacy against emerging SARS-Cov-2 variants Dr. Li Dan, National Center for AIDS/STD Control and Prevention, China CDC
15:20-15:40 10:20-10:40	Q&A
	Close of Session 1

The 5th China Russia Symposium on Infectious Diseases

November 10, 2022

Influenza

Beijing Time Moscow Time	Session and Activity
	Session 2: Influenza Moderator from Russia: Dr. Daria Danilenko, Smorodinrsev Research Institute of Influenza Moderator from China: Prof. Wang Dayan, Director, Chinese National Influenza Center, National Institute of Viral Disease Control and Prevention, China CDC
15:50-16:05 10:50-11:05	1. Russia: The role of interferon lambda in influenza infection and its potential for antiviral treatment Prof. Andrey Vasin, Institute of Biomedical Systems and Biotechnology, Peter the Great St Petersburg Polytechnic State University; Smorodintsev Research Institute of Influenza
16:05-16:20 11:05-11:20	2. China: Human infection with H5N6 avian influenza virus Dr. Zhu Wenfei, National Institute of Viral Disease Control and Prevention, China CDC
16:20-16:35 11:20-11:35	3. Russia: Resurgence of Influenza Circulation in the Russian Federation during the Delta and Omicron COVID-19 Era Dr. Daria Danilenko, Smorodintsev Research Institute of Influenza
16:35-16:50 11:35-11:50	4. China: Vaccination strategy and current status of seasonal influenza vaccine in China Dr. Peng Zhibin, Division of Infectious Diseases, China CDC
16:50-17:10 11:50-12:10	Q&A
	Close of Session 2

The 5th China Russia Symposium on Infectious Diseases

November 11, 2022

Tuberculosis

Beijing Time Moscow Time	Session and Activity
	Session 3: Tuberculosis Moderator from Russia: Dr. Ann-Poline Shurygina, leading researcher, Smorodintsev Research Institute of Influenza Moderator from China: Prof. Zhao Yanlin, Director, National Center for TB Control and Prevention, China CDC
14:00-14:15 09:00-09:15	1. Russia: Approaches for design of TB vaccines using vector platforms Dr. Marina Stukova, Smorodintsev Research Institute of Influenza
14:15-14:30 09:15-09:30	2. China: Epidemiological study on latent tuberculosis infection in China Prof. Gao Lei, Institute of Pathogen Biology, Chinese Academy of Medical Sciences
14:30-14:45 09:30-09:45	3. Russia: Mycobacteriosis in people living with HIV: prevalence and treatment. Dr. Mikhail Savchenko, Infectious diseases clinician, Botkin Clinical Infectious Diseases hospital, Saint-Petersburg
14:45-15:00 09:45-10:00	4. China: TPT strategy and implementation in China Prof. Xu Caihong, Director of Comprehensive Intervention, National Center for TB Control and Prevention, China CDC
15:00-15:20 10:00-10:20	Q&A
	Close of Session 3

The 5th China Russia Symposium on Infectious Diseases

November 11, 2022

AIDS

Beijing Time Moscow Time	Session and Activity
	Session 4: AIDS Moderator from Russia: Dr. Ann-Poline Shurygina, leading researcher, Smorodintsev Research Institute of Influenza Moderator from China: Prof. Hu Yiyun, Director, Division of Exchange and Cooperation, National Center for AIDS/STD Control and Prevention, China CDC
15:30-15:45 10:30-10:45	1. Russia: A role for CD4 helper cells in HIV control and progression Prof. Igor Rouzine, Sechenov Institute of Evolutionary Physiology and Biochemistry, Russian Academy of Sciences; Peter the Great St Petersburg Polytechnic University Institute of Biomedical Systems and Biotechnology
15:45-16:00 10:45-11:00	2. China: HIV drug resistance in ART experienced patients in China Prof. Wu Yasong, National Center for AIDS/STD Control and Prevention, China CDC
16:00-16:15 11:00-11:15	3. Russia: Characteristics of the main comorbid diseases and conditions in HIV-infected children Prof. Elena Yastrebova, First Pavlov State Medical Academy of St. Petersburg
16:15-16:30 11:15-11:30	4. China: The phase 2 clinical trial result and phase 3 trial design of replicating vaccinia based HIV vaccines Prof. Shao Yiming, National Center for AIDS/STD Control and Prevention, China CDC
16:30-16:50 11:30-11:50	Q&A
	Close of Session 4
16:50-17:00 11:50-12:00	Wrap up and close of the symposium Russia: Dr. Dmitry Lioznov, Director, Smorodintsev Research Institute of Influenza China: Ms. Wang Xiaoqi, Director, International Cooperation Office, China CDC
